IB Conference on Biomembranes 2011

Friday, October 21
Venue: APS-vergadercentrum, Delta conference room
Zwarte Woud 2, 3524 SJ Utrecht, The Netherlands

9.15 ***Arrivals, Coffee & Tea***
9.55 ***Opening by IB Director***

10.00 **Frank van Kuppeveld** *(host Fulvio Reggiori)*
Medical Microbiology, KUN, Nijmegen, The Netherlands
"Enteroviruses hijack secretory pathway components to generate RNA replication organelles"

10.45 **Sergio Grinstein** *(host Bernd Helms)*
Biochemistry, University of Toronto, Toronto, Canada
"Role of lipid remodelling in phagocytosis"

11.30 **Cosima Baldari** *(host Peter van der Sluijs)*
Evolutionary Biology, University of Siena, Siena, Italy
"The intraflagellar transport system in T cell antigen receptor trafficking to the immune synapse"

12.15 ***Lunch ; Coffee / Tea***

13.30 **Gillian Griffiths** *(host Anna Akhmanova)*
Cambridge Institute for Medical Research, Cambridge, United Kingdom
"Secretion at the immunological synapse"

14.15 **Walter Kahr** *(host Harry Heijnen)*
Hospital for Sick Children, Toronto, Canada
"Insights into granule biogenesis in megakaryocytes"

15.00 ***Coffee & Tea***

15.30 **2010 van Deenen medallist**
Pascale Cossart *(host Bernd Helms)*
Cell Biology and Infection, INSERM, Paris, France
"Cross talks between bacterial pathogens and mammalian cells: the Listeria paradigm"

16.30-17.30 Closing & Drinks

Registration before 14 October via:
e-mail to w.j.c.geerts@uu.nl
